Notes:

**Great Winemaking Starts With  
Great Farming.**

We've made it our mission to support small family-owned vineyards to create wines of quality, value and integrity, sourcing fruit from over 20 farms in Oregon's northern Willamette Valley. "Every year is a clean slate - a new growing season and a new harvest with different fruit profiles, flavors, and structure which leads to endless possibilities to improve on last year's blends." -Head Winemaker, Heather Perkin
